

**Report on GNM School and Hostel Building at Sualkuchi FRU campus in
Kamrup District.**

The site for construction of GNM school & Hostel Building had visited by Consultant (Civil Works) ,NHM,Assam accompanied with Architect ,NHM,Assam Contractor Mr. Tarik Hussain and me on dated 03rd September,2019 . It is observed that the depth of the low laying area (yet to be earth filled) couldn't be measured as the area was under water and covered with bushes. Accordingly, Consultant proposed to prepare and submit estimate after taking levelling of the area yet to be earth filled in presence of Architect, NHM,Assam ,concerned contractor and former site engineer Khanindra Das. The boundary wall of East side and South side requires pile foundation as the area is low laying area.
